## **IMPORTANT INFORMATION**

**An ever growing demand for diagnostic features in vehicles means our software has to respond to this demand.**

**To make best use of the handset's memory capacity we have restructured our software so that applications are available only when they need to be.**

**Start our 'VDO Management Console' then find the menu item, 'Product Configuration', and use it to manage the new customising application. This will only take a few minutes.**

**The application options are grouped by car manufacturer and are:**

**(1) All manufacturers except Land Rover**

**All Fastcheck applications are available for all manufacturers except Land Rover**

**(2) All manufacturers except Renault**

**All Fastcheck applications are available for all manufacturers except Renault**
